Successes in Transport Greater Bristol Bus Network

Work Packages

- Constructed 13
- Design 18
- Land Acquisition 4
- Construction 12
- Consultation 10
- Tender 1
- Awaiting developer funding 11

The last bus of First's £20 million commitment is due for delivery this week. 119 new buses have already been delivered and are in use.

Joint Control Room

The world moves on

- Shopping pattern and habits have changed
- Sundays are a normal working day
- Leisure and pleasure is diverse
- For some, transport poverty is a problem, particularly the young

Fit for Purpose?

- Existing bus networks will not fit future requirements
 - what is the most effective way to get from where we are to where we need to be?

Housing Developments

A potential of:

- 137950 new dwellings West of England
- 36,500 new dwellings Bristol area

Are these developments being planned for sustainable transport?

Population and Jobs

- Populations rise in Bristol by 53,000 by 2026
- Next 20 years an additional 92,000 jobs
- How are we planning for the transport movements – private and public?

Questions needing answers

- Are we going to build for transport success?
- Rail electrification will produce increased transport demand – how locally are we going to meet that?
- Air transport is and will be important – embrace or reject
