

Report of Chief Executive

**Regional Funding Advice 2:
Economic Development, Housing & Regeneration, Transport
and Skills**

Recommendation

That the Partnership considers the advice provided to the regional bodies, to assist further work in refining indicative priorities as part of regional discussions over the period November to February 2009

Background & proposal

In late October the Regional Development Agency asked sub-regional partnerships and first tier authorities to submit by 21 November their advice to assist the region in influencing how national funding is spent in the South West to support sustainable economic growth.

The West of England submission is attached. A brief presentation will be made to summarise the key features of the submission and stimulate debate.

Terry Wagstaff
